

# **Working in partnership with parents policy**

Precious Ones believe that if we work in partnership with parents the child will benefit greatly.

We will:-

- Discuss any matters of concern at the relevant time,
- Meet with parents every six months to discuss their child and how they're developing different skills and to discuss there contract,
- We will have monthly newsletters that will go home with parents informing them of the topics for the following month and any changes/new children starting/children leaving/children's birthdays and any other relevant information. This will also include a questionnaire for the parent to express their views on current activities and any other changes they would like to see. There will be an envelope for the questionnaires to be put in so as to keep all questionnaires confidential.
